#### ***Third Sunday of Easter. Year B.***

Have you ever played with dominoes? It's fun to build a house or a tower and see how tall you can make it before it came tumbling down. But one of the most fun things to do with dominoes is to stand them up on end in a long line. When you have very carefully set up the dominoes, you push the first domino and watch the others topple as they fall!

In today's Gospel, Jesus appeared to his disciples after he had risen from the dead. At first, the disciples were afraid. They thought they were seeing a ghost. Jesus told them not to be afraid. He showed them the nail scars in his hands and feet and invited them to touch him. "A ghost doesn't have skin and bones as I do," Jesus said to the disciples.

When the disciples finally realised that it was really Jesus and not a ghost, Jesus began to teach them. He explained that he had to suffer and die and rise from the dead on the third day to fulfill what was written about him in the Scripture. Then he told the disciples that they should spread his story to every nation of the world.

Wow! That's a big job, isn't it? The disciples were few, how could they take the story of Jesus to the whole world? Well, it is the same as it is with the dominoes. It starts with one person. One person tells another and he tells another, and another, and another until the whole world has heard that Jesus is risen from the dead and he is LORD.

Yes, it is a big job – and it isn't finished yet. You and I must do our part too. So who are you going to tell about Jesus today?

Then he began to explain the Scriptures to them, and finally they understood what Scripture had said about the Messiah suffering and rising after three days; and how, starting in Jerusalem, the message of repentance and forgiveness should be preached in his name to all of the nations.

# Children's Prayer

Dear Father. Help us to remember that we can too can spread the good news of Jesus to the whole world, if each one of us reaches just one other person. In Jesus' name we pray, Amen.
